Dear Mr. Barton:

Re: 1974 Commissioner

This will acknowledge your letter of March 26, 1974, wherein you state that Cecil Fowler does not wish to accept the job of commissioner for the Blue Mountain Distribution System. You indicate in the letter that the water users recommend Grayson W. Redd for the job.

We will accept your recommendation and appoint Mr. Redd as your commissioner for 1974. It would be advisable that, as soon as conditions permit, he contact our area office in Price so that the area engineer and he can go over the system and he can become acquainted with his duties. Forms for Mr. Fowler's use as commissioner accompany a copy of this letter which will be sent to him.

Yours truly,

Donald C. Norseth
Directing Engineer
